ABOUT US

WITH THE CRITICAL DEMAND OF LEAN OPERATIONS IN THE MIDWEST, TODAY'S WORKFORCE ARE EXPECTED TO DO MORE WITH LESS TIME AND RESOURCES. JMI IS DEDICATED TO HELPING OUR CUSTOMERS RECOVER THEIR MOST VALUABLE ASSET, TIME. WE PROMISE TO PROVIDE USEFUL KNOWLEDGE AND SUPPORT BEFORE, DURING, AND AFTER THE SALE OF ANY OF OUR PRODUCTS. EVERYONE IN THIS INDUSTRY KNOWS THE FRUSTRATION OF TRYING TO GET QUICK, ACCURATE ANSWERS FROM SOME CORPORATE CALL CENTER. WITH STAFFS GETTING SMALLER AND PROJECT SCHEDULES TIGHTER, HAVING A LOCAL COMPANY THAT KNOWS THEIR BUSINESS CAN BE A LIFE SAVER. WHETHER YOU NEED HELP SELECTING THE RIGHT FLOWMETER, DESIGNING A COMPLEX HEAT TRACE SYSTEM, OR COMMISSIONING YOUR EQUIPMENT, WE'RE THERE WHEN YOU NEED US. WE SIMPLY ASK FOR THE OPPORTUNITY TO EARN YOUR BUSINESS EVERY DAY.

PRIMARY INDUSTRIES

- REFINING AND SPECIALTY CHEMICALS
- FOOD AND BEVERAGE
- POWER
- OEM AND MANUFACTURING
- NATURAL GAS/LPG/LNG STORAGE AND DISTRIBUTION
- STEEL
- PHARMACEUTICAL
- ETHANOL/BIOFUELS

SERVICES

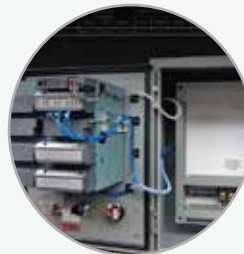

WE ARE ALWAYS LOOKING FOR WAYS TO ADD VALUE TO OUR CUSTOMERS BY EXPANDING OUR SERVICE OFFERINGS. SINCE MANY OF THESE OFFERINGS ARE A DIRECT RESULT OF CUSTOMER REQUEST PLEASE LET US KNOW HOW ELSE WE CAN HELP YOUR BUSINESS.

- Field instrument start-up
- Calibrations
- Commissioning
- Gas detection system design and start-up
- Flow surveys
- Primary flow element calculations

- Wireless and cellular integration
- Wireless gas detection systems
- IIoT instrumentation solutions
- Wireless tank gauging systems
- Wireless predictive maintenance of critical assets
- Remote monitoring and control

- Custom control panels
- Data acquisition system design/fabrication
- Custom gas detection systems
- Heating system design and startup

- On and off site training capabilities
- Certified MSA and Yokogawa service technicians
- Annual calibration contracts

INSTRUMENTATION

Process instrument and predictive maintenance solutions built for longevity in the most rugged and demanding applications.

US manufacturer of all things temperature related. From gauges to RTD to TC assemblies, they have a solution for your.

Accurate, innovative and reliable thermal mass flow meters with cutting edge digital sensor technology.

No wires, no power, no problem! General and hazardous area rated wireless and IIoT solutions.

Flow, pressure, and temperature solutions for the food and beverage industry.

Flow meters for every industry and medium by use of ultrasound and without media contact.

Precise, reliable, and affordable pressure and level instruments for food, beverage, and general industries.

Dedicated airflow solutions with expertise in differential pressure and thermal technologies

Reliable, Proven, and Trusted, Level Measurement Solutions for all industries and area classifications.

ANALYZERS

Best in class liquid and gas analyzers for all industries. In situ and extractive analyzers for combustion and process applications.

Portable dewpoint meters, inline hygrometers, dewpoint sensors and dewpoint transmitters are made to exacting specifications.

Generator Condition Monitors (GCM's), or "Core Monitors," and Generator Gas Analyzers (GGA's) for monitoring H2 purity.

Specializing in portable analytical XRF and LIBS instruments, we can identify any alloy, any mineral, any element, anyplace on the planet.

Analyzers for turbidity, free chlorine, total chlorine, chloramines, bromine, ozone, phosphate, fluoride, ammonium, nitrate, and more.

Tubing bundle solutions for process instrument impulse lines, sample lines, and small diameter process lines.

HEAT AND WINTERIZATION

Protecting instrumentation and analytical assets from freezing for over 50 years, Intertec GRP protection solutions are best in class.

US manufacturer of electrical heat trace, compound, and heat trace controllers. Turn key system and design services. Made in Texas.

Total heating solutions provider. From tank or pipe heating applications to area heating applications, Thermon has you covered.

SAFETY

Water, acid and hydrocarbon leak detection systems for commercial and industrial applications.

When safety matters, MSA is your choice for permanent and portable gas detection equipment and controllers.

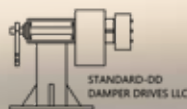

Relentless protection from flame and gas hazards from rig to refinery. Your best choice when safety matters.

VALVES

Innovative design and compact construction valves for liquid, gas, and slurry applications in all industries.

High Performance Damper Drives are the solution for Control of Combustion Air and Flue Gas thru a boiler.

9839 INDUSTRIAL COURT, SUITE B, HIGHLAND, IN 46322
